Home Loan Compassionate Care benefits

Home Loan Compassionate Care is complimentary protection available to eligible Owner Occupied home loan customers. Key terms and eligibility of this protection are set out in the Information Booklet referred to below.

If your home loan is currently on Home Loan Compassionate Care repayments, we will continue paying the repayment on your existing loan account, but we won't be making any payments on the new Loan Account resulting from the split. This means that while you will still receive your full remaining benefit amount, it may take longer for the benefit to be paid out in full.

Refer to the [Home Loan Compassionate Care Information Booklet](#) for more information.

If you have an Everyday Offset linked to your Standard Variable Rate Loan, the Interest Offset Rate is currently 0% p.a. (full offset).

Item E – Repayments – If your monthly home and/or contents premiums[^] are currently included in your repayments and you switch your Loan to Interest Only, the repayment amount quoted in the notice, letter or home loan statement issued to you after the switch will not include the monthly insurance premium.

If you are switching from an Extra Home Loan:

A fee, currently \$8 per month, will be charged monthly on the repayment due date (for Interest in Advance Investment Home Loans, the fee is charged to the Related Account monthly on the first business day of each month). Part 3: If you switch your Loan Type to a Standard Variable Rate or Fixed Rate

Other Conditions that will now apply to your loan

'Interest Offset Rate' means the interest offset rate for:

- eligible variable interest rate Home Loans is 0% p.a. (100% offset); and
- eligible Fixed Rate Home Loans linked to a Mortgage Interest Saver Account (MISA) is the interest rate that otherwise applies to the Loan under the Contract less an interest margin we apply to all Fixed Rate loans with interest offset facilities.

On and from 16 March 2019, the MISA feature is no longer available for sale or activation for any loan. If your MISA balance reduces to a zero balance on or after 16 March 2019, it cannot be reactivated.

- You can retain your MISA feature when switching to an eligible loan if your MISA balance has not reduced to zero.
- If you switch to an ineligible loan that doesn't allow a MISA, your MISA will be closed and cannot be reactivated or reopened.
- If you have an existing MISA on an eligible loan and you choose to split your loan, you will not be able to open a new MISA feature on your new loan(s).

Interest Offset Rate

The Interest Offset Rate is not a reference rate. We advertise any change to the way we calculate the Interest Offset Rate in leading daily newspapers in each State and Territory no later than on the date the change takes effect. We confirm any change with the next statement of account we give you. If we terminate the offset or vary the way it works, we will give you at least 30 days' notice in writing. (HL7.3)

Loan Obligations Not Affected

Except for the effect of the loan interest rate offset on the calculation of interest, your obligations in respect of the loan are not affected by an Interest Offset Account.

To the extent permitted by law, you expressly waive any right that you may have to set-off any credit balance of an Interest Offset Account against any payment due on the Loan. This means that you cannot set-off any credit balance of an Interest Offset Account against any payment due on the Loan unless you have a legal right to do so which cannot be excluded.

You must continue to make the agreed Loan repayments in full notwithstanding the credit balance of an Interest Offset Account. (HL7.4)

Note: You must have a Standard Variable Rate Home Loan in a personal name(s) to open an Everyday Offset. Base Variable Rate, Extra Variable Rate and Fixed Rate Loans are not eligible to be linked to an Everyday Offset.

Part 4: If you switch from a Viridian Line of Credit to a Home Loan

Please also read Part 3 for additional information

In respect of the relevant Loan Account, the Schedule is amended as follows:

Item B – Loan amount – the outstanding balance of your Viridian Line of Credit as at the date your switching request is processed, plus any fees and charges or your current approved credit limit.

Item C – Interest rates – unless you have a Low Doc Loan established prior to 1 April 2012, the name of the interest rate applicable will be according to your selection:

- Standard Variable Rate; or
- Fixed Rate.

If you have a Low Doc Loan established prior to 1 April 2012, the name of the interest rate will be according to your selection:

- Low Doc Standard Variable Rate; or
- Fixed Rate.

(see item F for fees that may apply)

If you have exceeded your credit limit, you will have to bring your account below the limit prior to your switching request being processed or else a new Loan application will need to be submitted. All new applications are subject to the Bank's normal lending criteria.

Item E – Repayments – periodic repayments of Principal and Interest or Interest Only will now be required. The Loan will have a required monthly repayment amount (RMRA).

Item F – Account Service Fee – this fee is no longer payable.

Loan Service Fee – a fee, currently \$8 per month, will be charged monthly on the repayment due date (for Interest in Advance Investment Home Loans, the fee is charged to the Related Account monthly on the first business day of each month). Where a Package Agreement is held that applies to the home loan, the fee applies only if the Package Agreement is terminated.

Notes on transactions made through your Home Loan account – please note you will not be able to set up authorised debits through your Home Loan Account other than in accordance with the UTC as it applies to your Home Loan contract.

Part 5: If you switch from a No Fee Variable Rate Home Loan

You may ask us to agree to switch your No Fee Variable Rate Home Loan to an eligible Loan Type but we have an absolute discretion to refuse your request. If we do agree to switch your Loan, the following terms will apply:

Part 7: Calculation of repayments

Principal and Interest repayments

When you request that we switch your loan type (other than to an Interest Only loan type), a new minimum required Principal and Interest repayment will be calculated (and become effective from) the time of processing the switch.

We determine your new Principal and Interest repayments by calculating a monthly amount that will, if paid each month on the date it is due, repay your loan in full by the end of the contracted loan term, and rounding that amount up to the nearest whole dollar. If applicable, we then add to that amount any monthly loan service fee and/or home insurance monthly premium[^] to determine the required monthly repayment.

The Principal and Interest calculation is based on what we know about your loan at the time of the switching request: the applicable interest rate, current loan balance, date your repayments are due and remaining contracted loan term.

If you have not made enough payments to cover your next minimum required repayment, we'll reduce your Available Redraw to cover the shortfall amount (fully or partially depending on the amounts involved) and let you know, through your transaction listing, if and when we do this. If there is still a shortfall amount outstanding, we'll notify you of the amount that you'll need to make as a one-off payment before your repayment due date. You'll need to do this in order to meet your minimum required repayment, avoid any fees and your account falling into arrears as a result of this change.

Changes in future may mean the final amount required to pay out your loan in full at the end of the loan term differs from your required monthly repayments. We may amend your required monthly repayment amount following an interest rate change, or at any time, if the repayments will not repay the loan by the end of the loan term.

When you have a Fixed Rate home loan and request a Direct Debit amount greater than the minimum required amount, you may incur an Early Repayment Adjustment (ERA) and an Administrative Fee if you make prepayments on a Fixed Rate loan which exceed \$10,000 in any year of your Fixed Rate loan (including paying the loan off in full). We count a year as 12 months from the date you commence your Fixed Rate period and every 12 months after that.

Interest Only payments

The Interest Only payments due each month are determined by us as the total interest accrued during the relevant month, calculated in accordance with Clause 6 of UTC.

[^] Hollard Insurance Partners Limited ABN 96 067 524 216, AFSL 235030 (Hollard) is the insurer for this product. The Commonwealth Bank of Australia (CBA) is a distributor of Hollard's insurance products. CBA does not guarantee the obligations or performance of Hollard or the products Hollard offers.

Part 8: Direct Debit Request Service Agreement

The Direct Debit Request Service Agreement is between us, Commonwealth Bank of Australia ABN 48 123 123 124 (CommBank), and you, for your Home Loan. It also explains your rights and obligations when undertaking a Direct Debit arrangement with us and what our obligations are to you.

Things you should know

- By agreeing to a Direct Debit Request by the method presented, you authorise and request us, Commonwealth Bank of Australia (APCA User ID number: 650 or 301813) (CommBank), to arrange for funds to be debited from your Nominated Account.
- We'll arrange for funds to be debited from your Nominated Account for your loan repayments and any fees as outlined in your loan contract (as varied from time to time). You also authorise us to make any other debits permitted by this agreement or your DDR. If you instruct us to, we can also debit a higher amount.
- You can still make other payments to your loan account outside of your Direct Debits and if you do, we will continue to debit your Nominated Account (as if you hadn't made those additional repayments). Fees may apply to additional repayments depending on your product type, e.g. on fixed rate loans where the repayments exceed annual limits.
- For Principal and Interest home loans, your new minimum required repayment will be calculated at (and become effective from) the time we process your request. This won't apply where you're only changing account details. Your new minimum required repayment will be the minimum amount/s you have to pay each month to ensure your loan is paid off in full on or about the end of the contracted loan term. We may delay the starting date for your Direct Debit changes if we consider it necessary.
- For Interest Only home loans, we may debit the related account after your home loan payment due date depending on processing times.
- If a repayment amount is provided at the time of this request, this is an indicative amount only. Your minimum required repayment will be determined when your request is processed.
- Where the amount due under the loan agreement decreases, at our discretion we may decrease the amount drawn from your account or, unless you instruct us to decrease it, continue to draw the higher amount.
- If the amount we debit at the end of the loan term results in an overpayment to us, we'll refund the overpayment, usually within 7 business days.
- If a Direct Debit due date falls on a non-working day, we'll process the debit on the next working day. If you're unsure about which day your account has been, or will be, debited, you should speak to Your Financial Institution.
- We may send notices either electronically or by ordinary post to the address you have given us. If sent electronically, communications are taken to be received when they enter the first information system outside CommBank; if sent by mail, they are taken to be received on the day they would be received in the ordinary course of post.
- We'll give you at least fourteen (14) days' notice if we vary the terms of this agreement.
- You agree that only an Authorised Borrower may make changes to your Direct Debit arrangement.

- All notifications relating to changes to your Direct Debit arrangement will be sent in accordance with the loan's nominated notification preference. This means that changes to Direct Debit arrangements are notified via a message on the loan statement. As such, if you're not a co-borrower on the loan (or you are a co-borrower, but not a nominated recipient for communications), you won't receive notice of changes.
- We may disclose your account and Direct Debit details at the request of Your Financial Institution (e.g. in connection with a claim made for an alleged incorrect or wrongful debit) or as required by law.
- Be aware Direct Debiting through Bulk Electronic Clearing System is not available on all accounts. If in doubt, contact Your Financial Institution.

Your responsibility

- You should confirm your Nominated Account details are correct before submitting this Direct Debit Request by checking them against a recent account statement.
- If you have any doubt about completing a Direct Debit Request speak with Your Financial Institution.
- You must advise us if your Nominated Account details change or the account is closed.
- You should regularly check your account statements to verify that the amounts debited from your account are correct. If you believe there has been an error, you should contact Your Financial Institution or us immediately.
- You'll need to ensure that you have sufficient funds in your Nominated Account on each repayment due date until the Direct Debit occurs. If you do not have sufficient funds, then:
 - the payment will be regarded as not having been made;
 - a fee may be charged to your account (e.g. dishonour fee);
 - if the Nominated Account is a CommBank account we may make multiple attempts to debit the full or partial payment for any overdue amount following the repayment due date.

Acknowledgements

By requesting a Direct Debit arrangement, you consent and acknowledge that:

- You are authorised to give Direct Debit instructions on the Nominated Account;
- At least one Authorised Borrower on the loan account is also an accountholder on the Nominated Account;
- You, any other accountholder/s on the Nominated Account or any Authorised Borrower can cancel the Direct Debit Request at any time.
- Any Authorised Borrower can make changes to the Direct Debit arrangement without your consent;
- If you're not a co-borrower under the loan account (or are a co-borrower but not a nominated recipient for communications), you won't receive notifications regarding changes to Direct Debit arrangements as they will be sent by a statement message on the loan statement.

Your rights

- To change, suspend, cancel or discuss your Direct Debit arrangement, please contact us on **13 2221** or visit any CommBank branch.
- Alternatively, you can also arrange to suspend and/or cancel this Direct Debit arrangement through Your Financial Institution, who is required to act promptly on your instructions.
- If you believe there has been an error in debiting your Nominated Account you should contact Your Financial Institution or us immediately. If we conclude your account has been incorrectly debited we'll promptly arrange for Your Financial Institution to adjust your account (including interest and charges) and we will notify you of the amount your account has been adjusted. If we conclude on reasonable grounds that your account has not been incorrectly debited, we'll promptly advise you of the outcome and provide you any related evidence.

Part 9: Important Information for Borrower(s)

Switching to a Fixed Rate Loan

If you switch to a Fixed Rate loan, you will not have access to Repayment Redraw and any accumulated Additional Repayments during the Fixed Rate period.

If you do any of the following you'll break your fixed rate contract and may incur an Early Repayment Adjustment (ERA) and an Administrative Fee. An Administrative Fee is applicable when an ERA is payable to cover the cost of processing a full or partial prepayment to your home loan.

- Make prepayments on a Fixed Rate loan which exceeds the \$10,000 in any year* of your fixed rate loan (including paying the loan off in full);
- Switch your Fixed Rate loan before the scheduled fixed rate period expires (e.g. you switch from a Fixed Rate loan to a variable rate loan); or
- Top up your loan during fixed period to access additional money.

Please refer to your Consumer Mortgage Lending Products Terms and Conditions clause HL11 for more information before deciding to switch to a Fixed Rate loan.

For re-fix requests only: If rates decrease after you have submitted your request, you can contact us to discuss your options before the current fixed rate ends. If we don't hear from you, the 'Final interest rate for the new loan type' will be as quoted in Section 2 of the Loan Switching request form. If rates increase after you have submitted your request, no need to contact us, we will guarantee the 'Final interest rate for the new loan type' as quoted in this section.

If you have an Everyday Offset Account, this will no longer be available for your Fixed Rate Loan. Please review the 'Changes to Offset' section for more information.

For any fixed interest rate periods (excluding Interest In Advance) commencing from 17 December 2021, if the end date would otherwise fall on:

- A non-Business Day, or
- The first Business Day after the 1st of the month where the 1st of the month falls on a non-Business Day

the end date may occur earlier and result in a shorter fixed interest rate period by up to 4 calendar days. The actual end date will depend on the day of the month the end date would otherwise fall on and, if that day falls on a weekend, whether the weekend is standard (Saturday and Sunday) or includes a national public holiday. For more information on when end dates get adjusted in this way, see our FAQs on NetBank.

When processing a request to switch to a Fixed Rate term, we may identify a shortfall if the direct debits for the first month won't cover the estimated required monthly repayment. If we can't give you 7 days' notice to pay:

- If you are switching to a Fixed Rate from a variable rate loan: the switch and repayment changes may be delayed.
- If you are re-fixing: the repayment changes may be delayed however the switch will still

* We count a year as 12 months from the date you commence your fixed rate period and every 12 months after that.

Part 9: Important Information for Borrower(s)

be processed unless you are requesting to re-fix your home loan within 5 business days of your current Fixed Rate term ending.

If you are requesting to re-fix your home loan within 5 business days of your current Fixed Rate term ending, then we may process your request after it ends and you may temporarily roll over to the applicable Standard Variable Rate home loan until we've processed your request.

Note: Before you decide to break your fixed rate period it's important to consider the financial impact (depending on market conditions at the time, this could cost you many thousands of dollars) and explore all your options. To understand whether an ERA could apply and how much it could be, speak to a Home Lending Specialist or your Broker. The ERA applied will be the ERA applicable on the day the switch is processed.

Switching to Interest Only payments on Base Variable Rate (Economiser/Rate Saver)

If you switch from a Base Variable Rate (Economiser/Rate Saver) with Principal and Interest repayments to Interest Only payments, you will not have access to Repayment Redraw for the life of the loan.

Switching to Interest Only Period

Switching to Interest Only is only permitted where we are satisfied you can afford the increased Principal and Interest repayments at the expiry of the Interest Only period without undue hardship. An eligibility and serviceability assessment may be required. A Switching application will be required and we may request you to provide us with evidence of things like your current income, liabilities and expenses. Any request for Interest Only is subject to our credit policy and approval at the time of the request (such as, but not limited to, maximum Interest Only periods, funding status, loan to value ratio and remaining loan term after the Interest Only period).

For any interest only periods (excluding Interest In Advance) commencing from 17 December 2021, if the end date would otherwise fall on:

- A non-Business Day, or
- The first Business Day after the 1st of the month where the 1st of the months falls on a non-Business Day

the end date may occur earlier and result in a shorter interest only period by up to 4 calendar days. The actual end date will depend on the day of the month the end date would otherwise fall on and, if that day falls on a weekend, whether the weekend is standard (Saturday and Sunday) or includes a national public holiday. For more information on when end dates get adjusted in this way, see our FAQs on NetBank.

Note: Each time you make an Interest Only payment, you will only pay off accrued interest – so none of the principal loan balance is paid off. Once the Interest Only period ends, your repayments will automatically switch to Principal and Interest for the remainder of the loan term which will increase your minimum required repayment.

Applying for a new Interest In Advance period

You can only apply for a new Interest In Advance period if the new term commences at the end of the existing fixed rate period, or at the end of the existing Interest In Advance period.

Note: Interest In Advance periods are only available on Interest Only Fixed Rate Investment Home Loans with an original loan purpose listed as Investment Home Loan.

Low Doc Loans

Customers with a Low Doc loan option can only switch if the requested Loan Type or Repayment Type is available with the Low Doc option. A credit assessment and approval is required before being processed.

Changes to Offsets

• Everyday Offset when linked to eligible Standard Variable Rate

Your Everyday Offset (EDO) is a separate transaction account linked to your eligible Standard Variable Rate home loan. If you switch to a non-eligible home loan, your linked EDO account/s will no longer offset your home loan. You will need to link the EDO account/s to another eligible Standard Variable Rate loan otherwise it will be switched to a Smart Access overnight.

A new request is required to set up a new EDO arrangement if the loan reverts to an eligible Standard Variable Rate loan in the future (such as when a Fixed Rate term ends and the loan reverts to a Standard Variable Rate loan). Any preceding EDO arrangements will not be reinstated automatically.

Call us on **13 2224**, if you wish to link your EDO account/s to another eligible home loan or discuss other account options.

Note: Everyday Offset account must be in the same name(s) as the borrowers on the home loan. You can open an Everyday Offset account in your name or jointly with your co-borrower(s).

• MISA (Offset)

You can retain your MISA feature when switching to an eligible loan if your MISA balance has not reduced to zero. If you currently have a MISA and you switch to a Fixed Rate loan, partial offset will apply. Partial offset means that a reduced interest rate (currently 1.5% p.a. less than your contracted fixed interest rate) is charged on that part of the Home Loan equal to the balance of the MISA.

If you switch to an ineligible loan that doesn't allow a MISA, you will have to close your MISA and won't be able to reactivate it. If you have an existing MISA on an eligible loan and you choose to split your loan, you will not be able to open a new MISA feature on your new loan(s).

Note: On and from the 16 March 2019, MISA is no longer available for sale or activation, for any loan. If your MISA balance reduces from a zero balance on or after 16 March 2019, it cannot be reactivated.

Changes to Wealth Package

- If you have a Wealth Package/Mortgage Advantage and are currently receiving package benefits, switching to an ineligible home loan will remove all package concessions, including standard package discounts and any special margins and/or concessions above the home loan package benefit.
- Package benefits cannot be combined with other discounts and/or special offers unless stipulated otherwise.
- Before switching home loan products, talk to your lender about your suitability for package benefits.

Switching from an Extra Home Loan

If you switch from an Extra Home Loan to a different home loan, you will not retain any existing discount. However if you choose to split your Extra Home Loan into multiple Extra Home Loans, you will retain your existing discount.

Splitting Loans: Receiving Notices and Statements

- When you split your loan on or after 1 February 2023, for any new Loan Account(s) created, you agree to receive notices and statements on that Loan Account(s) electronically, unless you otherwise notify us or don't have NetBank access at the time.
- This means that we will make notices and statements available on our website and send you an email at your last known email address informing you that the notice or statement can now be retrieved from our website.
- You should check your emails/text messages/push notifications regularly and update your contact details if they have changed. If you don't want to receive your notices and statements electronically, you can switch to paper correspondence via NetBank, calling **13 2224** or by visiting any branch.

Note: This form cannot be used to switch from another home loan into an Extra Home Loan. Loan splitting is not available for Extra Home Loans during an introductory period. Speak to your Home Lending Specialist or Broker to discuss your options.

Borrower 3 name(s) (as per loan account)	Borrower 4 name(s) (as per loan account)

Section 2 – Switching your loan (changing your current loan to another new loan type)

Important Notes:

When you switch to another loan type apart from one which is a Fixed Rate loan, the reference interest rate will be the reference interest rate for that loan type set out in Part 6 of the Switching Terms and Conditions as at the date the switch takes effect. This means that the final interest rate (APR) for your new loan type may be different from that which is stated on this form.

When you switch to a Fixed Rate loan, the interest rates will be fixed for each repayment type during the fixed rate period by using the reference interest rate for that loan type set out in Part 6 of the Switching Terms and Conditions that applied to each repayment type as at the date we process your switch request. This means that the final interest rate (APR) for your new loan type may be different from that which is stated in this form.

When you switch to another loan type and you are paying Principal and Interest repayments, the amount of each repayment will not be as specified in the Loan Contract but will be determined by the method specified for the Principal and Interest Repayment type in Part 7 of the Switching Terms and Conditions.

Please refer to Part 9 of the Switching Terms and Conditions for more information about changes to Offsets when loans are switched.

If you have an existing Loan Protection policy, refer to page 6 of the Switching Terms and Conditions for more information. You may need to take further action to cover the new loan account.

Convert my VLOC into a Smart Access Account - The Bank will send the borrower(s) a copy of the Transaction, Savings and Investment Account Terms and Conditions. The first deposit into the account will represent acceptance of these terms and conditions.

Important notes apply to Section 3 and 5:

The Method of Operation for any new loan account opened as a result of a split loan will remain the same as the existing loan account.

Method of Operation tells us how you currently operate your account, 'either to operate' or 'both/all must sign'.

* Interest rates may change before the request is processed by us (CommBank).

CommBank will calculate this amount for you. Interest Only and Interest In Advance is subject to change due to interest rate fluctuations and variations in the number of days in the interest charging period.

△ The repayment amount is an estimate/indicative figure which has been calculated based on the current interest rates at the time of the switch. This repayment amount could vary at the end of the Interest Only period and should only be used as a guide. Interest amounts are subject to change due to interest rate and the number of days in the interest charging period.

Section 3 – Splitting your loan (changing your current loan into multiple new loan types)

Important Notes:

If you have an existing Loan Protection policy, refer to page 6 of the Switching Terms and Conditions for more information. You may need to take further action to cover the new loan account.

If you split a Standard Variable Rate with a linked Everyday Offset into a Standard Variable Rate/Fixed Rate combination, then your current loan will remain a Standard Variable Rate and your Everyday Offset will remain linked to it. If you split a Standard Variable Rate with a linked Everyday Offset into multiple Standard Variable Rate loans, then your current loan will remain a Standard Variable Rate and your Everyday Offset will remain linked to it. If your new split loan(s) is eligible for Everyday Offset then a new request is required to set up a new arrangement. Refer to the 'Everyday Offset Account Guide' for more information.

If your home loan is currently on Home Loan Compassionate Care repayments, we will continue paying the repayment on your existing loan account, but we won't be making any payments on the new account resulting from the split. This means that while you will still receive your full remaining benefit amount, it may take longer for the benefit to be paid out in full. Refer to the Home Loan Compassionate Care Information Booklet for more information.

Loan 1 (current loan)

Please Note:

If you select the 'pay the minimum required repayment' option, we'll debit the minimum required repayment for your loan, as set out in your loan contract (as varied from time to time). Where the amount due under the loan agreement decreases, at our discretion we may decrease the amount drawn from your account or, unless you instruct us to decrease it, continue to draw the higher amount. If you have not made enough payments to cover your next minimum required repayment, we'll reduce your Available Redraw to cover the shortfall amount (fully or partially depending on the amounts involved) and let you know, through your transaction listing, if and when we do this. If there is still a shortfall amount outstanding, we'll notify you of the amount that you'll need to make as a one-off payment before your repayment due date. You'll need to do this in order to meet your minimum required repayment, avoid any fees and your account falling into arrears as a result of this change.

Direct Debit changes will be processed with your switch/split request. Your current repayment arrangements will apply until that time.

We may delay the starting date for your Direct Debit changes if we consider it necessary.

When you have a Fixed Rate home loan and request a Direct Debit amount greater than the minimum required amount, you may incur an Early Repayment Adjustment (ERA) and an Administrative Fee if you make prepayments on a Fixed Rate loan which exceed \$10,000 in any year of your Fixed Rate loan (including paying the loan off in full). We count a year as 12 months from the date you commence your Fixed Rate period and every 12 months after that.

Loan 4 (new loan - only if you are splitting your loan)

Please Note:

If you select the 'pay the minimum required repayment' option, we'll debit the minimum required repayment for your loan, as set out in your loan contract (as varied from time to time). Where the amount due under the loan agreement decreases, at our discretion we may decrease the amount drawn from your account or, unless you instruct us to decrease it, continue to draw the higher amount. If you have not made enough payments to cover your next minimum required repayment, we'll reduce your Available Redraw to cover the shortfall amount (fully or partially depending on the amounts involved) and let you know, through your transaction listing, if and when we do this. If there is still a shortfall amount outstanding, we'll notify you of the amount that you'll need to make as a one-off payment before your repayment due date. You'll need to do this in order to meet your minimum required repayment, avoid any fees and your account falling into arrears as a result of this change.

Direct Debit changes will be processed with your switch/split request. Your current repayment arrangements will apply until that time.

We may delay the starting date for your Direct Debit changes if we consider it necessary.

When you have a Fixed Rate home loan and request a Direct Debit amount greater than the minimum required amount, you may incur an Early Repayment Adjustment (ERA) and an Administrative Fee if you make prepayments on a Fixed Rate loan which exceed \$10,000 in any year of your Fixed Rate loan (including paying the loan off in full).

We count a year as 12 months from the date you commence your Fixed Rate period and every 12 months after that.

Section 7 – Borrowers Acknowledgement and Authority (you must read and sign this)

By signing this form, you confirm the information provided by you is true and correct and are agreeing to the changes requested on this form and agreeing to the following:

- I/We request CommBank to change my/our Loan Contract as per the completed section(s) on this Loan Switching Request form.
- I/We acknowledge that my/our request is subject to the Switching Terms and Conditions and when changed, my/our Loan Contract is varied by those terms and conditions.
- I/We acknowledge that, if CommBank agrees to vary the Loan Contract as set out in this request form, my/our Loan Contract will be varied on the date CommBank processes this request.
- I/We acknowledge that CommBank has the right to refuse a request to switch from a No Fee Variable Rate Home Loan.
- I/We understand that if my/our loan has Guarantor(s), their consent will be required for a switch to, or extension of, an Interest In Advance repayment type or an Interest Only repayment type and that CommBank will request this consent from the Guarantor(s). Under the Banking Code of Practice, CommBank is not to give a Loan Switching Request form to me/us to arrange for a Guarantor to sign.
- I/We acknowledge that any email I/we send or receive in relation to this request may pass through non-secure channels and could therefore be viewed by an unauthorised third party. I/we acknowledge the risks inherent in this means of communication.
- I/We aren't aware of any recent or upcoming changes to my/our financial situation (including any changes to my/our employment circumstances, income levels or outgoings) that could affect my/our ability to meet any existing debts.

For Interest Only switching requests:

- I/We have considered and confirmed that Interest Only payments would suit my/our needs and objectives.
- I/We acknowledge the estimated Principal and Interest repayment amount will be higher at the end of the Interest Only period. I/We will be paying the interest amount off on my/our loan during my/our Interest Only period and are not paying the loan balance (principal component).
- I/We acknowledge having an Interest Only period, means I/we will be paying more interest over the life of the loan and that the rate of interest will be higher during the Interest Only period.
- I/We can afford the estimated Interest Only payments during the Interest Only period and the estimated Principal and Interest repayments at the expiry of the Interest Only period without financial difficulty.
- I/We acknowledge the estimated repayments are based on current interest rates at the time of the switch and could vary at the end of the Interest Only period.
- I/We acknowledge that Interest in Advance periods are only available if the original loan purpose is listed as Investment Home Loan.

If you are switching to a Fixed Rate loan you also acknowledge the following – Early Repayment Adjustment Acknowledgement:

I/We have chosen to switch to a Fixed Rate loan and I/we acknowledge that if I do any of the following, I/we will break my/our fixed rate period and an Early Repayment Adjustment and Administrative fee may apply.

- Make prepayments on a Fixed Rate loan which exceeds the \$10,000 in any year* of my/our fixed rate loan (including paying the loan off in full);
- Switch my/our Fixed Rate loan before the scheduled fixed rate period expires (e.g. you switch from a Fixed Rate loan to a variable rate loan); or
- Top up my/our loan during fixed period to access additional money.

I/We understand that an Early Repayment Adjustment could range from \$0 to many thousands of dollars. The amount can vary daily due to market fluctuations and cannot be quoted until the date the switch is processed or a prepayment is made.

* We count a year as 12 months from the date you commence your fixed rate period and every 12 months after that. Prior to the end of the fixed rate period, an Early Repayment Adjustment may apply.

- I/We agree to the terms of this DDR and the Direct Debit Request Service Agreement (including the acknowledgements set out in the agreement).
- I/We acknowledge that, for Principal and Interest home loans, my/our new minimum required repayment will be calculated at (and become effective from) the time of processing my/our request. This won't apply where I'm/we're only changing account details. My/Our new minimum required repayment will be the minimum amount/s I/we have to pay each month to ensure my/our loan is paid off in full on or about the end of the contracted loan term. CommBank may delay the starting date for my/our Direct Debit changes if it considers it necessary.
- I/We acknowledge that any repayment amount provided at the time of this request is an indicative amount only and may change when the request is processed (for example if interest rates have increased or I/we have accessed redraw since the time of request).
